### Report of the Monson Cemetery Commission

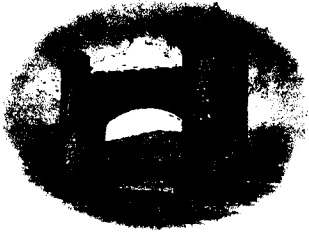

The Monson Cemetery Commissioners hold their meetings on the first Thursday of every month at the office at 32 Wilbraham Road. They begin at 4:30 PM.

There were a total of 26 burials from January 1<sup>st</sup> to December 31<sup>st</sup> 2015.

You may have noticed work being done on the wall around Hillside Cemetery. We had received help from the CPC to reset capstones, repair mortar joints, and rebuild some sections of the wall. This was completed in the fall of 2015.

We will be submitting an application with the CPC in 2016 for the Main Street Cemetery wall to be repaired in the same manner. Also to have both Tombs in the top of Hillside Cemetery repaired.

We are also in the beginning stages of planning expansion at Hillcrest Cemetery for the future. We would like to add a Columbarium and cremation garden to start.

We have been working to upgrade our equipment since 2013. We received a new truck in the fall of 2014 and are in the process of replacing two mowers that are ten years old and our utility tractor which is 30 years old.

We would like to thank the Monson Garden Club for planting and maintaining the small garden under our new sign at the entrance to Hillside Cemetery. And all other departments who help out from time to time. It means a lot and we really appreciate it.

Respectfully Submitted,

Chris Depace, Chairman

John Silva, Vice Chairman
